

WYSOX TOWNSHIP MUNICIPAL AUTHORITY

February 16, 2024

PRESENT: William Them – Secretary/Treasurer, Robert Williams-Chairman, Tina Pickett, James Isaac

ABSENT: Thomas Henson-Vice Chairman

OTHERS: Lauren Hotaling – Borough Manager, Chris Jones – Solicitor

VISITORS: None

Visitor:

Mr. Them stated he spoke with Mr. Meredith and explained to him it must be a toilet; Mr. Meredith was fine with the explanation.

Ms. Maynard stated we might hear from Mr. Aronson as he requested another history report Ms. Maynard explained the cost of that, we did do a couple as a courtesy as he thought the contractors at the bottom of his driveway hit his service line.

Minutes:

The minutes from the meeting held on January 19, 2024 were approved as written, on a motion made by Mr. Isaac, and seconded by Mr. Them, approved.

Bills:

Mr. Isaac made mention of the sewer bill for this month; Ms. Maynard stated that Mr. Strickland requested Ms. Hotaling put the rainfall total for the month on the Borough list of bills. Mr. Isaac made a motion to approve the following bills for February, Mr. Them seconded, approved.

Wysox Operating Fund List of Bills:	February 2024	Amount:
TMA	Wilmington Trust – 3/01/2024	\$ 3,061.25

Alton Homan Estate	Refund	\$ 63.52
TOTALS:		\$ 37,606.10

Engineer:

Mr. Casanave stated we are half way through with the inspections. Mr. Casanave stated that the letters that were sent by the Authority have had some success on getting customers to contact Mr. Johnson for inspection.

There is a pattern developing on the inspections so far; customers kept the well pipe which is rated at a lower PSI then the Authority regulations. Mr. Them mentioned that once the inspections are completed maybe sending a letter to those customers would be sufficient.

Mr. Casanave stated that they have a spreadsheet that once the inspections are complete, they will give to the Authority based on address and name of each water customer.

Mr. Casanave stated that TSS (Total Sand Solutions) sent in request for will serve letter from the Authority. The letter sent February 9, 2024 was presented for the Board to discuss; the rates presented will have to be assessed against our current EDU rates per our rules and regulations. Mr. Them questioned if Mr. Casanave will contact TSS as they are awaiting our response. Mr. Casanave stated he will contact them and inform them we have the letter.

Mr. Casanave stated that Mr. Strickland contacted him after last month's meeting to provide the Board numbers of what it would cost to get the force sewer main replaced on the bridge; Mr. Casanave estimated \$2,916,000.00. He looked at the Panda extension as a reference, keeping in mind that is a smaller pipe size than what goes across the Memorial Bridge; that project was completed in 2017, and we have to account for inflation. Mr. Casanave stated that this would be a grant project to say the least. Mr. Them stated maybe we set up a plan so we can have that ready for the next funding source.

Mr. Them asked for the company's names that may be involved in this project as Mr. Strickland was to contact them for a quote; it was Vacri and Milnes.

February 16, 2024

2024 Budget:

Mr. Them stated he did not contact Gannon's to check on insurance rates for this year so he left them the same; he did speak with Mr. Strickland on our expenses. He budgeted a loss in sewer and a small gain in water; we had \$100,000.00 gain in revenue last year. Mr. Them stated that if we continue to have infiltration as we did last month that could affect the numbers.

Ms. Pickett made a motion to approve the 2024 Budget as presented, Mr. Isaac seconded, approved.

Mr. Williams questioned if we have installed all the equipment needed to identify our infiltration problem; Ms. Maynard stated we know we purchased the OMNI system for pump station 6 but they are researching if it was installed. Ms. Maynard stated that unfortunately we no longer have Mr. Strickland nor Mr. Tabor; Mr. Tabor would have been the person to install the OMNI system. Ms. Hotaling stated we do have Mr. Ayers who is not in until next week; she will check with him to see if he can install the OMNI system.

Superintendent:

Ms. Hotaling presented paperwork to purchase a tablet to replace the AR5502, our meter reader. Ms. Hotaling went out to the field to see the reader in action and LB Water mentioned the reader needs replaced as it is not functioning correctly. The cost of a replacement reader would be upwards of \$10,000.00; but since Wysox has the newer technology we could purchase a tablet along with the accessories needed to accomplish the reading. The tablet could be purchased on our T Mobile or AT & T account for a couple of hundred dollars and a monthly fee for service for cellular data. LB water provided a quote for a command link and auto gun for \$2,583.72 which would need to be purchased for the tablet, these items would need to be purchased with the new reader if we chose to go that route as well as our current equipment is outdated.

Mr. Isaac made a motion to approve the purchase of the tablet and reading apparatus to accompany the tablet at a cost of less than \$3000.00, Mr. Them seconded, approved.

Attorney:

Mr. Jones presented the rate resolution; water will increase from \$14.05 to \$14.24 per 1000 gallons; sewer from \$14.62 to \$14.81 per thousand gallons; sewer flat rate will increase from \$58.48 to \$59.24 per EDU; the base rate and ready to serve charge will increase from \$63.52 to \$63.90. There is also an increase in the meter test fees from \$25.00 to \$50.00. Mr. Jones stated he left the service charge on the inspection blank as it was to be discussed at this meeting. Ms. Maynard stated the inspection fee is if a person questions the accuracy/integrity of our meter itself; this entails us removing the meter and taking the meter to the sewer plant to put the device on our flow meter to verify if the meter is in compliance. The Board agreed to increase that rate from \$50.00 to \$150.00; Ms. Pickett questioned what happens if the meter is found to be non-compliant; Ms. Maynard stated we would adjust all prior billings and refund the customer the fee.

Mr. Them made a motion to adopt Resolution 01-2024 Wysox Township Municipal Authority Schedule of Rates and Fess for the Water and Sewer System, with the rate increases previously discussed, Mr. Isaac seconded, approved.

Treasurers Report:

Mr. Them stated that when he was doing the budget he contacted Ms. Schoonover to see about the interest on the accounts. Ms. Schoonover sent over the documents from the bank and Mr.

WYSOX TOWNSHIP MUNICIPAL AUTHORITY

February 16, 2024

Them found the rates were incorrect. The amount due to this error was \$3,134.85; \$1,190.39 in the water operating; \$685.29 in sewer operating; \$1259.17 in the project account.

FCCB is willing to reimburse our accounts and leave our contract the way it is expiring in June of 2025, or they will leave it the way it is and extend our rate for an additional 6 months.

Mr. Them made a motion to have FCCB reimburse us the amount they owed us for incorrect interest rate being assessed on our account, Ms. Pickett seconded, approved.

Mr. Them stated he mentioned last month that maybe we should put our excess monies in a capitol reserve account. Ms. Pickett questioned what would be the advantage of getting another account for our funds, wouldn't it cost money to open another account. The Board agreed not to open another account for capitol reserve. Ms. Maynard stated that she thought that the bond refinance had asked for additional funds be sent to them to be held in reserve; Mr. Them stated he was unaware of that and would contact Mr. Hottenstein.

Ms. Maynard is to forward the 2024 budget to all appropriate personnel.

HallockShannon PC:

Ms. Maynard presented the 2024 agreement for our 2023 audit with HallockShannon PC. Mr. Them stated this was emailed to him he already signed it and returned via email. Ms. Pickett made a motion to have HallockShannon P.C. perform our 2023 audit, Mr. Isaac seconded, approved. Ms. Maynard had Mr. Them sign our copy to have the agreement on file.

Delinquent List:

Mr. Them questioned if there were any accounts that needed addressed on the delinquent list. Mr. Jones stated the Harkness account, Mr. Harkness passed away last year. Ms. Maynard stated that the water was shut off for non-payment; Mr. Williams stated there is someone living there still. Mr. Jones stated a lien will be filed.

Ms. Maynard stated Mr. Landon has paid his account off but we will be adding the attorney fees for the lien that was processed and now satisfied.

Mr. Jones mentioned we also received payment from the Chilson property after a letter was sent to Rosetti & Landy.

Ms. Maynard stated that Mr. Thompson also came in and paid.

Adjournment:

As there was nothing further to discuss, the meeting was adjourned at 10:40 a.m.

Respectfully Submitted,
April 2 Maynard
Towanda Borough
